

Study visit from Sustainable Business Hub and Politecnico di Torino 090618

Project Manager Sven-Olof is saying “Welcome” in polish and Italian.

...and showing the control system for the automation of the BIOAGRO facility.

From the study visit platform visitors get a top view of the facility.

David Andersson of Ecoera is explaining some of the challenges with agro-residues for combustion.

Group pictures from the study visit by Kristoffer Klim of Sustainable Business Hub and Silvia Barbero, researcher at Politecnico di Torino.
